WORK & RELEVANT EXPERIENCE

UNDERGRADUATE SOFTWARE DEVELOPER INTERN

Village Software Engineering Limited, 2019 September - Present

- 8-12 months internship where I will be working on a range of projects and languages to engineer software solutions to improve business performance for organisations.
- Working on Disclosure Services, which provide an online DBS check. I will be implementing the tasks of allowing organisations to perform checks on their employees in a more efficient manner.
- Full stack experience: **Working with Angular+, C#, .NET Core & MySQL**.

IOS APP DEVELOPER

University Of Liverpool, 2019 June - 2019 August

- Finishing off development of an English/Poetry text analysing app, adding new features, fixing several bugs, Implementing AR amongst many other features.

FREELANCING & SIDE PROJECTS

2018 June - Present

During my freelancing and side projects, I have used a range of platforms, gaining have full-stack experience as well as working with web development, mobile and desktop applications.

Some examples include:

- Hour Blocks Android app.
 - iOS app featured as part of **Apple's "new apps we love"** on the app store.
 - iOS app featured as part of **TechRadar's best iPhone apps in 2019**.
- Boutique Android app.
 - Start-up company that aims to make a platform for bespoke creators to promote and sell their services and goods. Working on Android app with Kotlin.
- Java Swing EPOS system.
- Caesar Cipher & Southport Mosque website.
- Snake Game JS - Reinforcement learning via DQN.
- Currently working on an epilepsy Apple watch app.

HACKATHONS AND EXTRACURRICULAR

2018 LIVERPOOL HEALTH HACKATHON

Attended a two day hackathon on where aimed to create an app for elders and those with epilepsy to help detect and alarm family if they have fallen.

- Won the 'Peoples choice award'

2019 IBM AI CHALLENGE

Working in a group of 4 developers, me being the project leader to develop an Interactive Storytelling for Visually Impaired, this is for the IBM AI challenge, co hosted by the University of Liverpool Business Management School.
