[JahanUlhaque@gmail.com](mailto:JahanUlhaque@gmail.com) · [www.linkedin.com/in/Jahan-UI](http://www.linkedin.com/in/Jahan-UI)

*I am a first year Computer Science student studying at the university of Liverpool.*  
Enthusiastic, team orientated and friendly individual, currently seeking a challenging position within an organization to further develop and increase my skills and knowledge.

## EXPERIENCE

**JUNE 2017 – SEPTEMBER 2017**

**CHASHIER, EURO GARAGE**

I spent my summer working to save money for university, I often worked an average of 4-5 times a week doing night shifts. While here I managed and covered a whole variety of things, such as;

- managing the whole store independently
- Money handling
- Receiving fuel deliveries. (required further training in receiving deliveries)
- Fire health and safety.

**SEPTEMBER 2015 – MAY 2016**

**KITCHEN PORTER, KASTURI**

Working at both the front and back of a restaurant has given experience of a restaurant, while being a kitchen staff we worked as a team to improve the efficiency of work rate. I covered several areas while working at the back, such as drying utensils, packaging takeaways, preparing side dishes and starter plates.

**SEPTEMBER 2014 – APRIL 2015**

**WAITER, INDIAN FLAVOURS**

Within a team of waiters who are responsible for looking after customers and fulfilling any of their needs and requirements. Covered a wide range of duties while working here such as answering phone calls, taking reservations, preparing bills as well as serving customers and engaging in conversation. Always made myself approachable as well as observing my surroundings.

- Communication
- providing customer care
- Multitasking
- Management and cleaning

## EDUCATION

**2017 – PRESENT**

**COMPTUER SCIENCE**, UNIVERSITY OF LIVERPOOL

## SKILLS

- Programming languages include:
- Python, Java, Delphi and MySQL.
- Adobe Photoshop and Illustration
- Fluent in Bengali
- Highschool Form Captain
- Team work and communication
- Self-organized and time management

## ACTIVITIES

My hobbies and interest include sports such as cycling and weightlifting, I am apart of the University of Liverpool cycling team where we go on weekly rides, the club will open more opportunities for me such as being able to compete in races.

I also took part in two 10K charity run during the summer holiday of 2016 and 2017 for the “Galloway’s society for the blind”. I plan to do more of these charity events in the future as it was a very enjoyable experience.

During my free time in college and summer holiday, me and my friend decided to create our own app game, where I did all the animation and designs, which has given me very good experience with managing and working on a project. I plan to do more of these activities in the future during my free time.
